RULES AND INSTRUCTIONS FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY

I. Admission of holders of Secondary School-Leaving Certificates to University courses of study in the academic year 1928-29 and subsequent years shall be made only in accordance with the following rules and directions.

II. Such holders only of completed Secondary School-Leaving Certificates may be admitted to University courses of study and registered as matriculates under section 1 of Chapter XXX (Andhra University Code) as (a) had completed not less than 16 years of age on the first day of the month in which the examination qualifying for such certificate is held unless specially exempted from the operation of this age limit, and (b) have been declared eligible for such admission, by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *First St. George Gazette*, and a copy of this list will be furnished to the Principals of Affiliated Colleges. A certificate-holder not included in one of these lists will not be entitled to registration as a matriculate under section 1 of Chapter XXX mentioned above except as provided in paragraph V below.

IV. The following conditions should be fulfilled by all S.S.L.C. holders to be declared eligible for admission to the University courses of study:—

(a) They should have presented at once the following subjects for the S.S.L.C. Examination:—

(i) Group A.—Three subjects (prescribed by the S.S.L.C. Board), subject to the condition that students who have been specially exempted by the Director of Public Instruction from the study of Varnakulaka Composition and Translation need not sit for the examination in that subject.

(ii) Group C.—Two subjects under Group C, one of which shall be from among the following:—

Algebra and Geometry; Physics; Chemistry; Botany; History of England and India; Commercial Practice and Geography in a Language.

(b) They should secure in—

(i) Group A—at least 60 per cent of the marks in each of the three subjects except in Varnakulaka Composition and Translation in cases where exemption from studying the subject has been granted by the Director of Public Instruction.

(ii) (1) Group C—at least 50 per cent of the marks in one of the following subjects:—
 Algebra and Geometry; Physics; Chemistry; Botany; History of England and India;

(2) 40 per cent of the marks in one of the following subjects:—

Commercial Practice and Geography in a Language.

(3) and 30 per cent of the marks in the other subject under Group C.

Provided however that a certificate-holder who scores in the aggregate 175 marks (or 150 marks if he brings up Commercial Practice and Geography, or a Language) in the five subjects but fails by a deficiency of not more than one mark in each of two subjects, not of the same group, shall be declared eligible for admission to University courses of study subject to the condition that the aggregate of 125 or 150 marks shall be decreased by 25 marks in cases where candidates have been exempted from studying Varnakulaka Composition and Translation.

(c) A Moderation Board shall be appointed by the Syndicate to consider cases of certificate-holders who do not satisfy the above rule but come within either of the two following categories:—

(i) Those who get an aggregate of from 175 to 190 marks and not less than 35 per cent in each of the four subjects provided that if one of such four subjects is Commercial Practice and Geography or a Language 40 per cent should be obtained in that subject.

(ii) Those who get an aggregate of not less than 200 marks and not less than 35 per cent of the marks in each of the three subjects, not all from the same Group, provided that if one of three is Commercial Practice and Geography or a Language under (i) (2) (1) above, 40 per cent of the marks at least should be obtained in that subject.

(d) Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination must again appear at the Public Examination in all the five subjects in which he has already undergone examination, and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination, or by the average marks throughout in each subject obtained by him at the last and penultimate examinations.

V. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges will be permitted to make admissions at their discretion of women holders of Secondary School-Leaving Certificates whether the names of such holders of certificates are included in the published list of certificate-holders eligible for admission to University courses of study or not. Certificate-holders so admitted to Colleges will be registered as matriculates under section 1 of Chapter XXX.

VI. The lists published annually in the *First St. George Gazette* will contain the names of all certificate-holders, except those whose names may be considered under the preceding section, to be eligible for admission to University courses of study in Affiliated Colleges, under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on a certificate-holder the right of admission to any Affiliated College. The Principals of Colleges are not only at liberty to restrict admissions to such applicants as they may select but are further required to confer admission to such eligible certificate-holders as, judged by their authorities, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.

STATEMENT OF OBJECTS AND REASONS.

This Bill is the outcome of section 55 of the Government of India Act as amended by the Government of India (Indian Navy) Act, 1927. One of the steps that must be taken to constitute an Indian Navy is to legislate for its discipline, and this Bill is necessary as a part of the reorganization of the Royal Indian Marine to confer on that force a permanent consistent status.

2. Section 48 of the Government of India Act empowers the Indian Legislature to apply the British Naval Discipline Act to the Naval Forces raised by the Governor General in Council. The self-governing Dominions have already applied the Act to the Naval Forces raised and maintained by them, and India is thus in a position to apply to her Naval Forces the same code of discipline as that in force in the British, Canadian and Australian Navies. Section 48 further empowers the Indian Legislature, in applying the Naval Discipline Act to the forces raised and provided by the Governor General in Council, to make such modifications and adaptations in the Act as it may think fit in order to adapt the Act to the circumstances of India, "including such adaptations as may be so made for the purpose of authorizing or requiring anything which under the said Act is to be done by or to the Admiralty or the Secretary of the Admiralty, to be done by or to the Governor General in Council or by or to such person as may be vested with the authority by the Governor General in Council." The Bill contains the changes in the Naval Discipline Act that appear necessary to carry out this object and render the provisions suitable to Indian conditions.

NOTES ON CLAUSES.

Clause 2 (B).—This will give the Indian Navy the statutory title.

Clause 3, sub-clause (2), & (3).—These provide, wherever necessary, for the performance by the Governor General in Council, or by officials of the Government of India of functions which, under the English Act, are performed by the Admiralty or other departments of His Majesty's Government or by officials of the British Government; and also for the substitution in certain places of "British India" for the "United Kingdom" or similar phrase.

Clause 3, sub-clause (7).—The provision in the English Act for the performance of religious duties is inapplicable to a large composed largely of persons who are not Christians.

Sub-clause (8) & (12) and (13) to (15).—These make the necessary verbal alterations in those portions of the English Act which deal with the administration and procedure of English criminal law, and bring them into conformity with the phraseology of the Indian Codes (Indian Penal Code and Criminal Procedure Code) and also substitute Indian for English currency where necessary.

Sub-clause (16).—The English Act differentiates between the powers of the Admiralty and of Admirals Commanding-in-Chief as foreign stations is impose the punishment of forfeiture of seniority. For the Indian Navy it is necessary to retain this differentiation and these powers are, therefore, conferred upon the Governor General in Council alone.

Sub-clause (17).—This enables the Governor General in Council the power to modify, as may be necessary to suit Indian conditions, the general orders issued by the Admiralty from time to time regulating the procedure and practice of Courts-martial.

Sub-clause (18).—This clause is complementary to section 50-B of the English Act, and is a necessary addition to that Act in applying it to the Indian Navy.

Sub-clause (19).—Section 58A of the English Act contains elaborate provisions relating to the recovery of maintenance for wives and children. These provisions seem to be omitted in the revised draft of the Indian Act, where, moreover, a summary mode of obtaining maintenance already exists in Chapter 35 of the Criminal Procedure Code. Section 58A has, therefore, been omitted.
